

The 18th Nano Bio Info Chemistry Symposium

Grand Prix

Mr. Herry Wijayanto

Graduate School of Science, Hiroshima University

Your presentation entitled “Cs desorption from clays and clay minerals by quaternary ammonium cations: the role of ammonium head group structures” has been recognized as the most excellent.

December 15, 2021

**Prof. Berdinskiy Vitaly (Chair)
Prof. Katsuya Inoue (Chair)**

The Chemical Society of Nano Bio Info
